GoPro Karma Arm Replacement

A video tutorial on how to change out the arms on a GoPro Karma drone.

Written By: eCuration

INTRODUCTION

Replacing an arm on the Karma can be done in less than 20 minutes. There are four main steps: removing the landing gear, removing the old arm, installing the new arm, reattaching the landing gear. This video will walk you through each step.

TOOLS:

- 2.5mm Hex Key (1)

PARTS:

- GoPro Karma Replacement Parts (1)

To reassemble your device, follow these instructions in reverse order.
